DISPATCH NO. EGNA-650

CLASSIFICATION

☐ ☐

TO : Chief of Base, Bonn

DATE 3 JAN 57 10 17

Info: Chief of Station, Germany
Chief of Base, Pullach

FROM : Chief, EE

SUBJECT GENERAL : Operational/GAUSA
SPECIFIC : Proposed trip to the U.S.

Ref: EGNA-10516, 10542

1. It is obvious here that ODAGID ~~has~~ does not quite know how to handle GAUSA. He is too high-ranking for their usual exchanges routine and according to them persons of ministerial or equivalent rank are handled primarily through their respective embassies with ODAGID called upon only for specific functions. Furthermore it is their position that GAUSA was invited by Aachen, therefore KUBARK should handle. There is also an underlying concern about possible public criticism of ODAGID for sponsoring GAUSA because of his literary efforts in the thirties.

2. We believe that it would be most efficient if we handled the GAUSA visit from soup to nuts under KUBARK auspices. We will secure a conducting officer under ODAGID cover, most likely ☐ which should take care of protocol as well as substance and we will make sure that ODAGID gets ample time with GAUSA.

3. When the time for the trip approaches perhaps you could ask Dr. Conant to write to the proper authorities at Harvard, advising them of the trip and the purpose. We will make an appropriate itinerary to include Harvard and we guarantee that GAUSA will see the maximum in whatever time he wants to allocate to his American sightseeing.
